## 8-Hydroxyquinoline

HXQ-10L

### SPECIFICATIONS

|                    |   |
|--------------------|---|
| CAS:               | 148-24-3                                    |
| Appearance:        | White to yellow-brown powder                |
| Molecular formula: | C <sub>9</sub> H <sub>7</sub> NO            |
| Molecular weight:  | 145.16                                      |
| Assay:             | > 99 %                                      |
| Carbon:            | 73 - 76 %                                   |
| Nitrogen:          | 9 - 10 %                                    |
| Water:             | < 0.2 %                                     |
| Storage :          | Room Temperature.<br>Protect from moisture. |
| Stability :        | At least 2 years at room temperature.       |
